

PERSONAL INFORMATION

Nikolas Theologitis

📍 Ellinon Olimpionikon 7, Alimos, Athens 17456

☎ +30 6947018077

✉ nk.theologitis@gmail.com , n.theologitis@athenarc.gr

Sex Male | Date of birth 11/06/1995 | Nationality Greek

POSITION

Data Scientist

WORK EXPERIENCE

12/2022 - today

Data Scientist

Institute for the Management of Information Systems (IMSI, "Athena" Research Center) (<http://www.imis.athena-innovation.gr/>).

- Research and development on Machine Learning, Fairness and Explainability in AI

9/2021 – 7/2020

IT Support Specialist

- Technical Support of Computer issues and guidance to users and military staff
- Provide Hardware Support
- Leading the team and training new members
- Administration of the Active Directory and Greek military Database

EDUCATION AND TRAINING

2/2021 – 4/2021

Academy on Big Data & AI

ReGeneration Academy powered by Microsoft

9/2013 – 12/2020

Diploma in Electrical and Computer Engineering

University of Patras

BSc & MSc (5-year joint degree, 300 ECTS)

Diploma Thesis: A deep learning approach for detection of sleep spindles based on real electroencephalogram signals using Convolutional Neural Networks

PERSONAL SKILLS

Mother tongue(s)

Greek

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C1	C1	C1	C1	C1
Michigan Proficiency					
German	B1	B1	B1	B1	B1
Goethe Zertifikat					

Levels: A1/2: Basic user - B1/2: Independent user - C1/2 Proficient user
Common European Framework of Reference for Languages

Communication Skills

- Effective participation in international research consortium calls
- Technical writing for reports and deliverables in EU-funded projects
- Collaboration across multicultural, multidisciplinary teams

- | | |
|----------------------|---|
| Collaborative Skills | <ul style="list-style-type: none"> ▪ Coordination with EU project partners on research and technical tasks ▪ Contribution to project deliverables, milestones, and reviews ▪ Time and task management in multi-partner, large-scale projects |
| Job-related Skills | <ul style="list-style-type: none"> ▪ Explainable AI (XAI): methods for transparency and interpretability in machine learning models ▪ Fairness in AI: bias detection, fairness-aware algorithms ▪ Machine Learning & Deep Learning: model development, evaluation, and optimization ▪ Data Analysis & Processing: cleaning, transformation, statistical analysis of large datasets ▪ Python, R, SQL, TensorFlow / PyTorch, scikit-learn ▪ EU Project Experience: Horizon Europe, research reporting, and deliverables ▪ Visualization & Communication Tools: matplotlib, seaborn, PowerPoint, LaTeX, |
